THANKSGIVING DAY (A tribute to our Star Warriors of Covid19)

This year was a tribute to all our star warriors who inspire us, teach us and push us to go beyond our comfort zones! Being grateful to our Star Warriors, we celebrated Thanksgiving Day!

GOOD DEED DAY: Felicitating Grandparents

A way to express gratitude-
 Creating a generation more tolerant and evolved.

FANCY DRESS: Community helpers

Encouraging exploration of concepts via role play, this feature at BKB stands out in terms of its open-endedness.

While we have enjoyed the virtual training's we are hopeful that 2021 will have us in physical world engaging with mentors!

HANSRAJ MORARJI PUBLIC SCHOOL (ICSE)

Go Green

Going green means to pursue knowledge and practices that can lead to more environmentally friendly and ecologically responsible decisions and lifestyles, which can help protect the environment and sustain its natural resources for current and future generations. Children were made to grow plant, right from the first step of soaking seeds in water till they could see the sapling grow into a plant. This activity got them closer to nature. The children felt independent and responsible after doing this activity.

Hello! Halloween...

Halloween or “Hallowe’en” also known as ‘Allhalloween’ is celebrated on 31st October every year in the West. To encourage and to break the monotony of online academics the kids of HMPS ICSE and the teachers celebrated Halloween virtually. The kids including the teachers dressed up as spooky as they could be. The teachers of all the classes from grade 1 to grade 4 took online craft activity which is used for Halloween decorations at home. The children also enjoyed a video together where they saw where and why exactly Halloween is celebrated.

Fit Bit

Physical fitness is not only one of the most important keys to a healthy body, it is the base of dynamic and creative intellectual activity. We take care of the physical and mental health of the children as a part of our educational program. Every individual is given the right amount of nourishment and exercise, not too little and not too much, as a doorway to best health. The activities are organized in such a way that fitness is perceived as fun and games by the students. The fitness workouts included the exercises using props like scarfs, plates, water bottles, ball. Activities like balancing objects on parts of the body and Bootcamp workout were also included in physical training of the students.

FESTIVALS

HMPS ICSE celebrated Makar Sankranti with great zeal over 3 days explaining the significance of the festival to students through detailed Power point presentation and videos. Students celebrated this harvest festival by making kites with colour sheets, representing drawing of lohri and Pongal during the live session creatively.

BKES organized a Kite Making activity for students on 14th January 2021. The students participated in the activity with full zeal and fervour. It was a wonderful opportunity for the students to showcase their creativity by making colourful kites and uploading their videos.

Sankranti at Bai Kabibai Balvatika shows signs of readiness to learn and perfect example of using what's available in the environment. It's amazing how little ones grasp what they see and quickly want to emulate eg. Choco-Sesame ladoos.

SPRING

- Tania P. XII-B, 16

SPRING! The flavour of love,
announcing its arrival with the
wallowing and chirruping of the birds,
a sparrow or dove.

Pushing the clouds far far away from our sites,
the Sun arrives,
like the king of the sky,
rising from the horizon up high.

The blissful aura that spring creates,
there is a tale that it narrates,
blossom by blossom the spring begins,
God's beings embrace the glory with grace.

The season of colours it is labelled as,
it makes us awestruck with its dainty flowers!
seeing the sun clad, our hearts chorused,
"Spring, why don't you be here for the entire decade?"

hello spring
